OSIS ESSENTIALS — BRAND PHILOSOPHY

We believe the finest boutique hotels are defined not by grand gestures, but by the quiet details — the weight of a towel, the scent that greets a guest at the door, the texture of a soap bar.

Osis Essentials exists to make those moments possible for independent hospitality businesses across Europe, sourcing directly from artisan producers in Turkiye.

Guest Amenities

A carefully composed set of guest amenities that communicate quality from the moment of arrival.

01

Botanical Soap Bar

Cold-pressed in small batches using traditional Turkish methods, naturally scented and presented in unbleached kraft wrapping.
